

Oliver Station, 9202 SE Foster Road and SW 92nd Ave, Lents, Portland OR

Please accept our official invitation to propose on this 162,000 sf mixed use (multi-family & commercial) project in Lents.

UEB is pleased to be working with Portland based Palindrome Communities, LLC again. We are currently seeking design-build proposals from qualified subcontractors in the in the **Mechanical, Plumbing, Fire Protection, and Electrical** trades for the Project. We are on track to break ground in November, and are ready to engage the MPE trades now.

UEB is a CMGC building firm that specializes in meaningful, socially-conscious developments, delivered in a highly collaborative process where each player...from the subs & suppliers...to the design professionals...to the end users...becomes a highly valued member of the integrated team. We respect each other, align together with the overarching goals of the project, and we have a good bit of fun along the way. Our primary markets are multi-family, healthcare, higher education, and office. From offices in Seattle, Scottsdale and Dallas, we focus on serving our repeat clientele throughout the Western United States. And...oh...we've got an abiding appreciation of architecture and a policy to only work on environmentally-responsible projects.
